Back Cover

[French: *Quatrième de Couverture*]

If there is an image for the back cover, delete it.

If it contains book reviews or a book summary, you can create a Heading 1 called **Book Summary** or **Book Reviews**, respectively, and include those reviews and summary. For more information about formatting book reviews, refer to Block Quotes.

Back covers for Children's Books are treated differently. If they retain important visual information we keep them. See Children's Books Back Covers for more info.

If you have any questions, check the archive below, if still not clear, post your question on the Production Q&A

Q: Generation X also has a flap with a summary/teaser, but it says "continued on back flap" and then continues on the back flap. My inclination is to include it all together, since this makes more sense for eText and Daisy - is this correct? -Jenn

A: Yes, that makes sense! :) The back flap also has a blurb about the author which you can put under a new Heading 1 called "About the Author".
