Character List

Plays sometimes have Character and/or Cast List.

These should be formatted as an unordered list. As well as any other list types within a play.

To learn more see the Unordered List Section.

Q&A

Q: I am editing a play. All the dialogue begins with the characters name, e.g. Character: Dialogue. This part is clear, but I am wondering if there is anything special you want me to do with the stage directions. Maybe an inline producers note indicating it is a stage direction and not dialogue?

A: Good question. The stage directions are normally marked as "asides" or "sidebars". We can follow the guidelines for sidebar content.
