Table of Contents

Delete Track 1

Delete Track

The last section on the `Edit Track` page is to delete a track. Some Audiobooks come with a Preview file we do not need to keep for the reader to enjoy and understand the book. Use the `Delete` button in this bottom section to delete the track.

Make sure you are in the correct track before you do this. If you are unsure if a track should be deleted, Hand to Rachel and post a question on the Q&A page.
